Generally, the Foundation manages its funds using a total return concept, which emphasizes total investment return, including interest and dividends and realized and unrealized gains and losses. Annually, the Foundation's board of directors determines the level of grant making based on two factors that serve to stabilize annual spending levels and preserve the real value of the endowment over time. In fiscal years 2025 and 2024, those factors are 70% of the prior year's spending, adjusted for inflation, plus 30% of a spending rate at 5.00% for 2025 and 2024 of the estimated fair value of its discretionary endowment and 5.0% for 2025 and 2024 of the estimated fair value of its designated endowment. The discretionary endowment is made up of funds with no restrictions and funds with field of interest restrictions placed on the way income may be used. The designated endowment is composed of funds created for specifically named agencies or projects.

Part X, Line 2:
The Foundation has not taken any tax positions which would have a material effect, individually or in the aggregrate, upon the Foundation's consolidated financial statements. The Foundation believes it has not taken any significant uncertain tax positions or any tax positions that would jeopardize the Foundation's tax-exempt status.

Schedule M, Part I, Line 32b:
When the Boston Foundation, Inc. is notified that a donor will be making a contribution of a publicly traded security, instructions are provided to the donor to deliver the shares to the Boston Foundation's brokerage account. The Foundation typically uses one brokerage firm (Stifel) for publicly traded security transactions. The Foundation also holds accounts at a small number of other brokerage firms in order to facilitate efficient transfers for donors with accounts at those firms. When securities are received, the shares are sold as soon as possible, typically upon receipt or the next business day. Upon settlement, proceeds are delivered to the Boston Foundation. The Foundation may receive contributions of closely held or restricted securities that are not sold upon receipt, but are sold either upon the lifting of the restriction or when a liquidation event occurs. Occasionally the Foundation receives non-cash contributions such as limited partnership interests, real estate, or other assets which may require the Boston Foundation to engage a third party to handle the sale. When the Foundation is notified of such gifts, the asset is reviewed to determine the appropriate sales agent. The Foundation is not involved in the valuation of non-cash contributions, except for marketable securities. Donors are responsible for obtaining an independent third-party valuation.

distributed to all voting members of the Board of Directors for their review and comment in advance of the returns being filed. Both of these reviews are done with Schedule B removed. The Foundation's Board has discussed the removal of Schedule B and believes the privacy of the Foundation's donors warrants the redaction of the infomation. Instead, the Board has directed that Schedule B be annually reviewed by the Chair of the Board, Chair of the Audit Committee and Chair of the Development Committee. The Audit Committee also reports to the full Board, which votes to ratify the actions taken by the Audit Committee, including the approval of the returns. Copies of the returns are made available publicly on the Boston Foundation website.

Form 990, Part VI, Section B, Line 12c:
The Boston Foundation has established a formal conflict of interest and duality of interest policy and a code of business conduct and ethics. Copies of these policies and TBF's confidentiality policy and conflict of interest disclosure statement are required to be reviewed and completed by all new directors and employees. Annually, the Boston Foundation sends the policies and disclosure statements to all current directors, as well as anyone who has served as a director in the previous five years. These annual mailings also include a list of the Boston Foundation's significant vendors and investment managers. In addition, key employees, as well as anyone who has served as a key employee in the previous five years, are also sent the disclosure form and policies. Whenever a matter comes before the Board or a Committee, any person whose presence may create the appearance of a potential conflict of interest is required to recuse themselves and leave the meeting until the discussion regarding the matter and any related votes have concluded. Employees are sent all grant dockets and asked to identify any potential apparent conflicts of interest. Employees are required to refrain from involvement in any matters in which there exists a potential or apparent conflict of interest.
