In 2013, the Boston Foundation established the Latino Legacy Fund as a permanent, committee-advised Field of Interest Fund. Its mission is to provide ongoing support to strengthen the diverse Latino community of Greater Boston and contribute to the region’s civic vitality. The Fund supports issues and organizations that advance the socio-economic status of Latinos—while enhancing the leadership capacity of the entire Latino community.

The Fund made its first grants in October 2014 and has continued an annual grant-making cycle. Grants range in size from $10,000 to $25,000 and support organizations that help Latinos realize their full potential, with a specific focus on improving the educational experiences of Latino young people in Greater Boston from early childhood through postsecondary education.

**2016**

**Boston Higher Education Resource Center:** $20,000 to expand their culturally sensitive Passport to College (Passport) college preparatory program at the Margarita Muñiz Academy in Jamaica Plain. Passport is a college advising, mentoring, and academic enrichment program for high school students in nine Boston Public Schools.

**Chica Project:** $10,000 to support the hiring of a Program Director for Chica Project’s Empowerment Institute, a group mentoring program for 10th to 12th grade Latina youth from Boston, Lynn, and Lawrence that consists of monthly school-based workshops on topics ranging from self-identity, self-efficacy, financial literacy, professional development, college readiness, health, and more.

**La Vida:** $20,000 to provide wraparound services including test preparation, college application preparation, college visits, financial aid support, and scholarship application support to students in Lynn who are at risk of “undermatching” or attending colleges for which they are overqualified, due to lack of resources and knowledge of the application process.

**Latinos for Education:** $15,000 to support the launch of their Latino Leadership and Latino Board Fellows programs in Boston. The Latino Leadership program aims to accelerate the career trajectory of Latinos in education leadership roles through a 6-month professional development program, and the Latino Board Fellows program aims to identify, support and place Latino leaders from outside of education onto high-performing education nonprofit boards.

**Latino STEM Alliance:** $12,500 to expand their current 5th to 8th grade Science, Technology, Engineering, and Math (STEM) robotics programming to younger students (kindergarten to 4th grade) in one area school.

**Student Immigrant Movement:** $10,000 to support the launch of the College Access program, a mentorship and advocacy program that seeks to directly support undocumented students enrolling in Massachusetts’ colleges and universities.
