

Derrick Young Jr.

**Co-founder & Executive
Director, Leadership
Brainery**

Derrick Young Jr., MPH, is an innovative founder and leader working at the intersection of education, wellness, and access. He is the co-founder and executive director of Leadership Brainery, a national organization increasing access to competitive master's and doctoral degrees for communities that lack access. He co-hosts The Future with LB Founders at the Museum of Science, a live audience show exploring how innovation and inclusion are shaping the future of various industries. He also owns Forever Young Spas, a growing collection of wellness spas that blend expert care with innovative practices.
