Unemployment has been especially high for Massachusetts Latinos during the pandemic.

Estimated unemployment rates for MA Latinos, U.S. Latinos, and other local racial groups, Massachusetts.

Estimates should be interpreted with caution due to small sample size. Unemployment rates for each group are developed by applying the ratio of unemployment rates between each group and the total population using 6 months of Basic Monthly Current Population Survey data to the official quarterly statewide unemployment rate published by the Bureau of Labor Statistics. This methodology comes from the Economic Policy Institute series on state unemployment by race/ethnicity.

Chart: Boston Indicators • Source: Bureau of Labor Statistics • Created with Datawrapper
A majority of Latinos in Massachusetts lost employment income during the first year of the pandemic.

Share of individuals ages 18+ living in households that lost employment income anytime during pandemic Year 1 (04/23/20-03/29/21) or within the prior month during Year 2 (04/14/21-01/10/22), MA Latinos, U.S. Latinos, and other local racial subgroups.

- Year 1 income loss
- Year 2 income loss (in last month)
